Sir:

Mr. Joseph Deegan, aged 25, residing at 3041 Arlington Avenue, Bronx, New York reported to this facility December 28, 1950 for examination of a punctured lung sustained in an automobile accident in 1947. The following is a medical report including statement of present condition of old injury as requested in your letter dated December 28, 1950.

History: History of puncture of lung 1947.

X-ray 12/28/50 Lungs: Line of increased density through the left mid lung field, which possibly represents scar tissue or pleural thickening as result of the old lung puncture. Lung fields otherwise clear, heart normal in size and shape.

Present condition of old injury has apparently healed with no deformity or impairment of respiratory function.

Mr. Joseph G. Deacon
3041 Arlington Avenue
Bronx 63, New York

Dear Mr. Deacon:

You are hereby offered a probationary appointment as a Special Agent Employee in the Federal Bureau of Investigation, United States Department of Justice, in Grade GS10, with salary at the rate of \$5000 per annum less six per cent deduction for retirement purposes. Since this appointment is probationary for a period of two years after which time it will become permanent, it is to be understood that it will be necessary for you to demonstrate during your probationary period your fitness for continued employment in the Federal Bureau of Investigation. All salaries are subject to the necessary Federal Withholding Tax. You will also be allowed your expenses of travel in accordance with existing regulations when absent from official headquarters, which will be fixed at Washington, D. C., effective upon your entry on duty and thereafter changed in accordance with your field assignments. You should proceed to Washington, D. C., at your own expense in order to assume your official duties.

It is also understood that you are to proceed on orders to any part of the country that the exigencies of the service may require. You should therefore arrange your personal matters before taking oath of office that you will be able to accept assignment to any part of the country where your services may be needed.

It will be necessary for you to undergo a rigid physical examination immediately upon your reporting to Washington for duty. In the event the physical examination reflects that you are not capable of performing strenuous duties, or that your color vision or vision is not normal or that you have any defect which might interfere with your use of firearms, this appointment will be cancelled. For your information, this Bureau's standards require uncorrected vision of no less than 20/40 in one eye and 20/50 in the other eye, corrected with glasses to normal vision of 20/20.

You should notify this office at once if this appointment is accepted. If it is not accepted immediately it will be cancelled. Should you accept, you are directed to report for oath of office and assignment to Room 6113, Identification Building, 5th and D Streets, Southwest, at 9:00 A.M. on January 20, 1951.

JAN 15 1951

Mr. Joseph H. Hogan
Bronx 62, New York

Your assignment during the seven weeks, six days per week training period will be at Washington, D. C., and Quantico, Virginia. No per diem is paid while in Washington; however, the period of training will include approximately three weeks at the FBI Academy at Quantico, Virginia, where a per diem of \$4.80 will be allowed. It will not be possible for the wives and families of appointees to be domiciled at Quantico during the period of training.

You should provide yourself with the following: 1 navy gray shirt and one pair of navy gray trousers for use on the firearms range; 2 pairs of white wool socks; one pair of gray athletic trunks, preferably with elastic waist; one athletic supporter; one gray sweat shirt; one pair of gym shoes, either high or low (avoid black composition rubber soles that will mark floors); 1 pair of slippers for shower room use (if klaks or clogs are preferred they should have rubber soles). You may bring these items with you or they may be purchased in Washington after your arrival.

Due to limited parking space, Agents are not permitted to take automobiles to Quantico. Storage space charges for automobiles in Washington are approximately \$1.25 per day.

Storage space for luggage at Quantico is likewise limited, and it is therefore desired that only a limited amount of clothing be brought by the Agent.

Before reporting for duty, you should provide yourself with sufficient funds to enable you to live for at least one month before receiving your first salary check.

In the event you accept this appointment, it will be necessary that you sever all business connections prior to your entry on duty.

You should also read carefully and closely the enclosed letter setting forth certain conditions under which the appointment is accepted and, if the conditions are thoroughly understood, it is requested you sign and return the letter to this office immediately.

All employees of the Federal Bureau of Investigation are presently working six days weekly which will continue for an indefinite period. Payment for the sixth day is on an overtime basis which will amount to an additional 50%, less withholding tax deductions, each biweekly pay period.

Mr. Joseph G. Deegan
Bronx 63, New York

This appointment, which should be considered strictly confidential and given no publicity, should be presented when you report for oath of office. However, if the date on which you report to this Bureau immediately follows your employment in another Government Agency, you should advise the Personnel Office of that Agency prior to entry on duty in this Bureau.

Sincerely yours,

John Edgar Hoover
Director

INSTRUCTIONS TO APPOINTING OFFICER

The appointing officer before whom the foregoing certificate is made shall determine to his own satisfaction that this appointment would be in conformance with the Civil Service Act, applicable Civil Service Rules and Regulations and acts of Congress pertaining to appointment.

This form should be checked for holding of office, pension, suitability in connection with any record of recent discharge or arrest, and particularly for the following:

(1) *Identity of appointee.*—It is the duty of the appointing officer to guard against impersonation and to determine beyond reasonable doubt that the appointee is the same person whose appointment was authorized. The appointee's signature and handwriting are to be compared with the application and/or other pertinent papers. If the appointee qualified in a written examination, the signature on this form should be compared with the signature on the declaration sheet, which was signed in the examination room. His physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(2) *Age.*—If definite age limits have been established for the position, it should be determined that applicant is not outside the age range for appointment. Until such determination is made, the appointment may not be consummated.

(3) *Citizenship.*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family.*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members-of-family provision does not apply to temporary appointments. Doubtful cases may be referred to the appropriate office of the Civil Service Commission for decision.

APPOINTMENT AFFIDAVITS

INFORMATION FOR APPOINTEE

NOTE.—Before he can be appointed, an applicant for a Federal position must meet certain requirements over and above the requirement that he be able to do the work he is employed to do. On the attached form you are to swear (or affirm) that you meet those requirements. In addition, there are certain restrictions upon your conduct as a Federal employee. They are set forth on this sheet. You should familiarize yourself with these restrictions and be guided by them. *Detach this portion of the form and retain it for your information and guidance.*

I. INFORMATION ABOUT APPOINTMENTS

Persons selected from competitive registers will receive either a temporary or a probational appointment.

For persons receiving a probational appointment, the first year of service is a probationary period unless a shorter period is fixed for the position by the Civil Service Commission. Satisfactory completion of probation is required for absolute appointment.

The completion of probation is required when a person who is reinstated or transferred has not previously completed a probationary period.

Persons receiving probational appointments are included under the Civil Service Retirement Act.

Appointments specifically limited to 1 year or less are usually considered temporary appointments.

For excepted appointments, a trial period may be required at the discretion of the employing agency.

II. MEMBERS-OF-FAMILY RESTRICTION

Except for persons entitled to veteran preference, no person may be probationally appointed to a position in the competitive service if there are two or more members of his family already serving in the competitive service under probational or permanent appointments. A family is defined by the Attorney General as persons who live under the same roof with the head of the family and form part of his fireside. When they branch out and become heads of new establishments, they cease to be part of the old family. Minors do not establish another family merely by living at an address different from that of their parents. An appointment is illegal if the appointee is disqualified by the members-of-family restriction.

III. APPOINTMENTS ARE SUBJECT TO INVESTIGATION

All probational appointments, reappointments, reinstatements, conversions to competitive appointments, inter-agency transfers, and certain temporary appointments are "subject to investigation" for an 18-month period. During this period, the Civil Service Commission has authority to instruct an agency to separate an employee for any of the reasons given below except that the Commission's authority is not limited by the 18-month period in cases described under Items 4, 5, and 8 below. The condition "subject to investigation" expires automatically at the end of 18 months of service unless an appeal on loyalty matters is pending. However, an employing agency may remove an employee for any of the reasons given below at any time.

Any of the following reasons constitutes sufficient cause for the removal of an employee from the service:

1. Conduct or capacity of such a nature that removal will promote the efficiency of the service.
2. Physical or mental unfitness for the position he holds.
3. Criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct.
4. Establishment of the fact that the employee has made intentional false statements or engaged in deception or fraud in examination or appointment.
5. Refusal to furnish testimony to the Civil Service Commission or its authorized representatives in regard to matters inquired of arising under the Civil Service Act, Rules, and Regulations.
6. Habitual use of intoxicating beverages to excess.
7. Reasonable grounds exist for belief that the person involved is disloyal to the Government of the United States (see Section IV).

8. Any legal or other disqualification which makes the applicant unfit for Federal employment.

IV. SUBVERSIVE ACTIVITY AND AFFILIATION

Section 9A of Public Law 252, 76th Congress, approved August 2, 1939, otherwise known as the "Hatch Act," provides:

"(1) It shall be unlawful for any person employed in any capacity by any agency of the Federal Government, whose compensation, or any part thereof, is paid from funds authorized or appropriated by any act of Congress, to have membership in any political party or organization which advocates the overthrow of our constitutional form of government in the United States.

"(2) Any person violating the provisions of this section shall be immediately removed from the position or office held by him, and thereafter no part of the funds appropriated by any act of Congress for such position or office shall be used to pay the compensation of such person;"

Executive Order 9835 of March 21, 1947, provides:

"1. The standard for the refusal of employment or the removal from employment in an executive department or agency on grounds relating to loyalty shall be that, on all the evidence, reasonable grounds exist for belief that the person involved is disloyal to the Government of the United States.

"2. Activities and associations of an applicant or employee which may be considered in connection with the determination of disloyalty may include one or more of the following:

'a. Sabotage, espionage, or attempts or preparations therefor, or knowingly associating with spies or saboteurs;

'b. Treason or sedition or advocacy thereof;

'c. Advocacy of revolution or force or violence to alter the constitutional form of government of the United States;

'd. Intentional, unauthorized disclosure to any person, under circumstances which may indicate disloyalty to the United States, of documents or information of a confidential or nonpublic character obtained by the person making the disclosure as a result of his employment by the Government of the United States;

'e. Performing or attempting to perform his duties, or otherwise acting, so as to serve the interests of another government in preference to the interests of the United States;

'f. Membership in, affiliation with or sympathetic association with any foreign or domestic organization, association, movement, group or combination of persons, designated by the Attorney General as totalitarian, Fascist, Communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny other persons their rights under the Constitution of the United States, or as seeking to alter the form of government of the United States by unconstitutional means."

The appointing officer will make available to you the list of organizations proscribed by the Attorney General upon your request.

Various appropriation acts contain a provision prohibiting the use of appropriated funds to pay the salary or wages of any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. These acts provide that an affidavit shall be considered prima facie evidence that the person making the affidavit does not advocate, and is not a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. These acts provide further that any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence and accepts

employment the salary or wages for which are paid from any such appropriation shall be guilty of a felony, and, upon conviction, shall be fined not more than \$1,000 or imprisoned for not more than 1 year, or both, and that this penalty shall be in addition to, and not in substitution for, any other provisions of law.

The affidavit referred to above is one of those to which you are required to swear (or affirm) on the attached page.

V. STRIKING AGAINST THE FEDERAL GOVERNMENT

Various appropriation acts provide that no part of the funds appropriated therein shall be used to pay the salary or wages of any person who engages in a strike against the Government of the United States or who is a member of an organization of Government employees that asserts the right to strike against the Government. Such acts provide further that any person who engages in a strike against the Government, or who is a member of an organization of Government employees that asserts the right to strike against the Government, and accepts employment the salary or wages for which are paid from any such appropriation, shall be guilty of a felony and, upon conviction, shall be fined not more than \$1,000 or imprisoned for not more than 1 year, or both, and that this penalty shall be in addition to, and not in substitution for, any other provisions of law.

One of the affidavits on the attached page to which you are required to swear (or affirm) pertains to this provision against striking against the Government.

VI. HOLDING STATE OR LOCAL OFFICE

Federal employees are prohibited from accepting or holding an office or position under State, territorial, county, or municipal governments. There are certain specific exceptions. They are published in Civil Service Commission Form 1236. Before any person appointed to the Federal service accepts or continues to hold any office or position under a State or local government, the matter should be presented to the appropriate authorities of the agency in which he is employed for a decision as to whether he properly may accept or continue to hold such office or position.

VII. POLITICAL ACTIVITY

The terms of the act of August 2, 1939 ("Hatch Act"), as amended, prohibit officers and employees in the executive branch of the Federal Government from using official authority or influence for the purpose of interfering with an election or affecting the result thereof. Further, such officers and employees are prohibited from taking any active part in political management or in political campaigns. These prohibitions apply not only to permanent employees, but also to temporary employees, employees on leave of absence with or without compensation, and substitute employees during the period of active employment. Political activity identified with any political party in any election is prohibited.

Some of the forms of forbidden political activity are:

1. Serving on or for any political committee, party, or other similar organization.
2. Soliciting or handling political contributions.
3. Serving as officer of a political club, as member or officer of any of its committees, addressing such a club, or being active in organizing it.
4. Serving in connection with preparation for, organizing, or conducting a political meeting or rally, addressing such a meeting, or taking any other active part therein except as a spectator.
5. Engaging in political conferences while on duty, or canvassing a district or soliciting political support for a party, faction, or candidate.
6. Manifesting offensive activity at the polls, at primary or regular elections, soliciting votes, assisting voters to mark ballots, or helping to get out the voters on registration or election days.
7. Acting as recorder, checker, watcher, or challenger of any party or faction.
8. Serving in any position of election officer, in which partisanship or partisan political management may be shown.
9. Publishing or being connected editorially or managerially with any newspaper generally known as partisan from a political standpoint, or writing for publication or publishing any letter or article, signed or unsigned, in favor of or against any political party or candidate. (Ownership entirely disassociated from editorial control and managerial activities limited entirely to business management would not be regarded as being within this provision.)
10. Becoming a candidate for nomination or election to office, Federal, State, or local, which is to be filled in an election in which party candidates are involved.

11. Distributing campaign literature or material.

12. Initiating or circulating political petitions, including nomination petitions.

13. Assuming political leadership or becoming prominently identified with any political movement, party, or faction, or with the success or failure of any candidate for election to public office.

General statements as to certain activities which are considered as permissible on the part of Federal officers and employees:

1. *Voting.*—The direct language of the law specifically provides that all such persons retain the right to vote as they may choose.

2. *Expression of opinions.*—The right to express political opinions is reserved to all such persons.

NOTE: This reservation is subject to the prohibition that such persons may not take any active part in political management or in political campaigns.

3. *Contributions.*—It is lawful for any officer or employee to make a voluntary contribution to a regularly constituted political organization, provided such contributions are not made in a Federal building or to some other officer or employee within the scope of the act referred to above.

4. *Political pictures.*—It is lawful for any officer or employee to display a political picture in his home if he so desires.

5. *Badges, buttons, and stickers.*—While it is not unlawful for an officer or employee to wear a political badge or button or to display a political sticker on his private automobile (except where forbidden by local ordinance), it is felt that it is inappropriate for any public servant to make a partisan display of any kind while on duty, conducting the public business.

6. *Penalties.*—Persons appointed to positions in the Executive branch of the Federal Government are warned that the penalty for an established violation of the above-mentioned political activity prohibitions is immediate removal from the service.

VIII. OFFENSES WHICH ARE PUNISHABLE BY FINE OR IMPRISONMENT

Certain other statutes prohibit Federal officers and employees from engaging in various activities under penalty of fine or imprisonment, or both. The activities prohibited by such statutes relate to such matters as political assessments, political coercion and discrimination, and purchase and sale of office. The text of these statutes is set forth in Civil Service Commission Form 1236.

Some of the activities prohibited under penalty of fine or imprisonment, or both, are as follows:

1. Solicitation or receipt of political contributions by one officer or employee from another.
2. The giving or handing over of a political contribution by one employee to another.
3. Solicitation or receipt of political contributions in a Federal building by any person, whether or not an employee of the Government.
4. Solicitation or receipt by any person of political contributions from any person receiving any benefit under any act of Congress appropriating funds for relief.
5. Solicitation or receipt of anything of value, either for personal reward or as a political contribution, in return for the use of, or the promise to use, influence to secure an appointive office under the United States.
6. Payment, or the offer of payment, for the use of influence in securing an appointive office under the United States.
7. Promising employment, compensation, or other benefit made possible by act of Congress as consideration or reward for political activity.
8. Discrimination by an officer or employee in favor of, or against, another officer or employee on account of political contributions.
9. Depriving any person on account of race, creed, or color, or political activity, of compensation or other benefit made possible by any act of Congress appropriating funds for relief.
10. Disclosure for political purposes of any list or names of persons receiving benefits under an act of Congress appropriating funds for relief and the receipt of such a list for political purposes.

IX. PROHIBITION AGAINST DISCRIMINATION

Appointing officers are required by the Civil Service Rules to act on all personnel matters "solely on the basis of merit and fitness and without regard to political or religious affiliations, marital status, or race."

X. INSTRUCTION OF APPLICANTS

Officers and employees of the Government are prohibited from instructing or teaching with a view to the special preparation of any person for civil-service examinations.

I do not have a permit to drive a motor vehicle because my driver's license was suspended in New York State during September 1947 as a result of an accident that involved my car during March 1947. I do not recall the exact date of this accident excepting it occurred during March 1947 and the place was on Avenue "N" between 18th & 19th Streets in Brooklyn, New York.

At the time of this accident I was not driving my car which was a 1932 Oldsmobile, but I was in the car and letting my girl friend, Miss [redacted], who I believed was a competent driver at the time. Miss [redacted] is now a [redacted] in New York State. This accident involved the driving of my car into the back fender of a car owned by a Mr. [redacted]. Mr. [redacted]'s car was damaged to the extent of \$50.00 which I subsequently paid to him.

At the time of the accident, Miss [redacted] became so excited and nervous that I accepted the responsibility of the accident instead of Miss [redacted], who was actually driving the car. I so reported it to a Police Officer who came upon the scene. No one was injured because of this accident.

On April 4, 1947 I was again involved in an accident with my automobile at which time I was driving and there was one passenger. [redacted] with me at this time. This accident occurred at Ocean Avenue and Avenue "L" in Brooklyn, New York due to a steering knuckle breaking on my car which caused me to run into a concrete light station. As a result of this accident, a Mr. [redacted] and myself were injured. The extent of Mr. [redacted]'s injury was a slight fracture. I was hospitalized for six weeks with a punctured lung, three broken ribs, and a slight fracture. I have had no ill effects from these injuries. I had a special physical examination at the Marine Hospital located at Dunne St. New York City, at the request of the Bureau in order to ascertain if there were any ill effects to my lungs traceable to this accident. This examination showed no ill effects.

The reason for my license being suspended in September 1947 was as a result of my accident during March 1947. The law at that time read that if a party was involved in an accident, and the cost of damages exceeded \$25.00, the driver if not insured, would have his license suspended until he could show financial responsibility. The Insurance Company at that time would not cover a car for insurance which was more than ten years old.

Soon thereafter I sold this car and have not had one since. Because I no longer owned a car, I did not need a driver's permit and as a result, I did not obtain any insurance to show my financial responsibility.

At present I am having insurance processed so that I may be considered financially responsible so that I might obtain an automobile driver's license in the State of New York. However, I have been informed that in New York State for me to get a new license I must take a driver's test in the State of New York. My wife informs me that my record is clear at the Bureau of Motor Vehicles in New York State, and as soon as I obtain the necessary insurance, I shall be able to take the driver's test. I am also of the opinion when I obtain this insurance, I shall be able and eligible to take my driver's test in other states through out the United States.

No hearings were held by the Motor Vehicle Commissioner's Office or any other court in connection with the above mentioned accidents. There are no judgments or liens against me and I have never been sued.

The above information are the essential facts involved in these accidents and I cannot recall any further pertinent details.

Deegan is a resident of New York State and has had his auto driver's license for that state suspended as a result of an auto accident that occurred during 3/47. At that time Deegan owned a 1932 motor vehicle that was not insurable. At present he has no auto driver's license or automobile.

The instant accident occurred on Avenue "N" between 18th and 19th Streets, Brooklyn, New York, and involved Deegan's car and the parked car of a Mr. [REDACTED] of Brooklyn. [REDACTED] claimed his car was damaged to the extent of \$50 and Deegan subsequently paid this amount to him.

New York State law at that time required the suspension of the driver's license of the individual causing an auto accident if the damage amounted to more than \$25 and the individual had no insurance. The suspension reportedly lasts until the individual is able to show further proof of financial stability.

On 4/5/47 before Deegan had been advised of the suspension of his license because of the above mentioned accident, he was involved in another accident with the same car at which time the steering knuckle of the car became loose and the car ran into a concrete abutment. Deegan and a friend were hospitalized as a result of this accident but there were no further repercussions according to Deegan. It was subsequent to this accident that Deegan was advised that his license had been suspended because of the prior accident.

Deegan claims that at the time of the accident that occurred during 3/47 that he was not driving his car, but a girl friend, [REDACTED], was driving and caused the accident. [REDACTED] became so excited and nervous because of it and since there were no witnesses, Deegan said that he "took the blame" and so reported it to the police. [REDACTED] is now a [REDACTED] in New York State.

Deegan since the 3/47 accident has married and said that he has taken steps through his wife and an insurance broker to have his license reinstated and at present forms are on the way to him through the mail and that he expects to purchase the necessary insurance and have his auto driver's license for New York State in the immediate future.

The Training Division has advised by memorandum that the above trainee, who is a resident of New York State, advised that his automobile operator's permit was suspended in that State as a result of an automobile accident which occurred in March, 1947, at which time Deegan owned a 1932 motor vehicle which was not insurable. Deegan at the present time has no operator's license or automobile.

Deegan advised the Training and Inspection Division that he was involved in an automobile accident in Brooklyn, New York, during March, 1947, at which time he was not driving the automobile but a friend, Miss [redacted], who is now a [redacted], was driving. He stated that the accident merely involved the driving of his car into the back fender of an automobile owned by a Mr. [redacted]. That car was damaged to the extent of \$50 which was subsequently paid by Deegan. Deegan stated that due to Miss [redacted]'s nervous condition, he accepted the responsibility for the accident and reported to the police officer who came upon the scene that he had been driving at the time of the collision. No one was injured according to Deegan.

b6

Deegan stated that on April 4, 1947, he was again involved in an automobile accident while driving the same car. This accident occurred in Brooklyn, New York, and was the result of a defective steering knuckle in Deegan's automobile which caused his automobile to run into a concrete light stanchion. Deegan was hospitalized for six weeks with a punctured lung, three broken ribs, and a slight fracture. A passenger, Mr. [redacted], received a slight fracture from the accident.

Deegan stated that his license was suspended in September, 1947, by reason of a law in New York State to the effect that if a party was involved in an accident and the cost of the damages exceeded \$25, the driver would have his license suspended until he could show financial responsibility if he was not insured. Deegan advised that he sold the car which was in the accident and since he no longer owned a car, he did not need a driver's permit and therefore it was not necessary to prove his financial responsibility. He stated that he was obtaining an operator's license at the present time and was applying for the necessary insurance in order to obtain a permit.

The New York Office has made a check of the records of the New York Motor Vehicle Bureau concerning the automobile accidents and has verified in substance the story by Deegan as related. That office has likewise verified that Deegan's operator's license was suspended merely because of his failure to comply with the financial responsibility law and the Motor Vehicle Bureau officials have advised the New York Office that Deegan could have secured his operator's license in July, 1947, if he had supplied the required form showing that he had secured automobile liability insurance. The records of the New York Motor Vehicle Bureau indicate that Deegan has recently applied for an operator's permit and Motor Vehicle officials have advised that his valid Operator's License will be mailed to Deegan by February 20, 1951.

The New York Office advised that the applicant has no arrest record nor are there any outstanding claims arising out of these accidents.

LETTER OF RECOMMENDATION

Mr. Joseph P. Deegan
Federal Bureau of Investigation
Indianapolis, Indiana

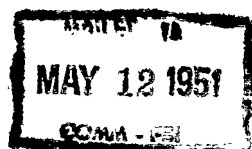

Dear Mr. Deegan:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on March 16, 1951.

This report reflects that you have defective vision of 20/25 in the right eye. As you are aware the requirements of this Bureau necessitate your having this deficiency corrected to the normal of 20/20. The Bureau should be promptly advised when you have taken care of this matter.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your active participation in raids or other work involving the practical use of firearms.

Sincerely yours,

John Edgar Hoover
Director

CC: SAC, Indianapolis (P & C)

There is attached hereto a copy of the above physical examination which should be included in Agent Deegan's personnel file.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee JOSEPH G. DEEGAN Title SPECIAL AGENTRating Period: from 3-27-51 to 5-25-51

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

Since arriving in this office, he has worked in the headquarters city and in resident agencies. At the present time, his headquarters are designated as Indianapolis.

There is attached hereto a memorandum from SA DEEGAN requesting a change in his office of preference. It is pointed out that his daughter has developed a serious asthmatic condition and that his physician recommends a pollen free climate, one that is high and dry.

In connection with Agent DEEGAN's request for change in his office of preference, he has listed Albany as his first choice, Philadelphia as his second, and Newark as third, hoping that it will be possible to be placed in a resident agency in the northern part of any of the territories of these three offices.

I understood that Agent DEEGAN's daughter had developed the above condition, and it is recommended that the Bureau give this consideration when he is transferred from this office, his first office of assignment, within the next two months.

SUBJECT: CHANGE OF OFFICE OF PREFERENCE

My two year old daughter has developed a serious asthmatic condition.

Our physician has suggested that she be removed to a pollen-free climate, that is, one that is high and dry, and recommended upper New York state as a location which would fulfill these conditions.

I would therefore, like to have my office of preference changed from New York City to Albany, New York. My second preference would be Philadelphia and third preference would be Newark, New Jersey, hoping that it would be possible to be placed in a resident agency in the nothern part of any of the states in which these offices are located.

At approximately 9:00 a.m. on 11-20-51 while operating his personally owned car on official business Agent Deegan was involved in an accident with a truck owned by [redacted] and operated by [redacted]. The facts of the accident are set out briefly below.

b6

Agent Deegan advised he was proceeding north on Arlington, Ave., Indianapolis, Indiana, at approximately 30 mph when he collided with the truck which was proceeding east on 16th St. Deegan advised there was a traffic signal at this intersection which had been recently installed. He stated that he believed he had the right of way and did not see the truck until it was immediately in front of him. After the collision Deegan traveled about 20' and his car stopped facing south. The truck continued east on 16th St. for about 60', swerved and turned over on its side. The driver of the truck received a cut on the small finger of his right hand.

The driver of the truck advised he was proceeding east on 16th St. and entered the intersection of 16th and Arlington at approximately 30-35 mph. The traffic light was green for him. He was just about through the intersection when he was struck by Agent Deegan. A witness gave substantially the same information as the truck driver. Damage to the truck was estimated at approximately \$350. Damage to Agent Deegan's car was estimated at approximately \$450.

Both the owner of the truck and Agent Deegan are insured and the insurance companies are settling the claims for damages.

The foregoing is submitted for informational purposes only.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee JOSEPH G. DEEGAN Title SPECIAL AGENT
 Rating Period: from 7/1/51 to 2/8/52

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

NARRATIVE COMMENTS

JOSEPH G. DEEGAN:

Special Agent Deegan is a first office agent. During his assignment to this office, he has handled investigations in the headquarters city and on a road trip basis, and as such has handled a diversified type of investigative activity, including both criminal and applicant types.

He has testified satisfactorily in moot court, his dictation ability is satisfactory and he has participated in dangerous assignments.

During a recent inspection of this office, one case assigned to him was the object of a substantive case write-up for failure to properly set out the office of origin in a report.

I have found Deegan to be interested in his work, a capable investigator for one of his experience, and one whom I feel is capable of handling the more complicated investigative cases which would be assigned to an agent of his length of service.

SAC FOSTER: Special Agent Deegan is a first office agent who has covered two counties out of Indianapolis on a road trip basis. His contacts have been good. He has handled an above average volume of work in a satisfactory manner.

INSPECTOR BROWN (WARREN R. HEARN): SA DEEGAN's personal appearance, manner and attitude during the interview were very good. He seems to be aggressive and enthusiastic about this work.

In an ITSP case, this agent overlooked a notation in an FBI Lab report to the effect that Washington Field was origin. Two subsequent reports failed to show proper office of origin and Washington Field received no copies of these reports.

Recommendation: No administrative action is recommended as the delinquency could be corrected without loss to the investigation. The agent's error was brought on, in part, by the fact that a report was submitted by the Phoenix Office showing the wrong office of origin.

INSPECTOR BROWN: This is a pending file assigned to Special Agent Joseph G. Deegan and supervised on the desk of Supervisor Lawrence E. Brown. Washington Field is origin.

FBI Laboratory Report dated September 21, 1951 addressed to Phoenix, of which Indianapolis received a copy, advised that Washington Field was origin. Phoenix is shown as origin in reports of Special Agent Joseph G. Deegan dated October 10, 1951 and January 2, 1952 at Indianapolis. No copies of these reports were designated for Washington Field.

Phoenix was shown as origin in the report of Special Agent J. Vernon Tuckey dated October 20, 1951 at Phoenix. No copies of this report were designated for Washington Field.

Comments are requested from Special Agent Joseph G. Deegan, the supervisor, and the Special Agent in Charge.

Five copies of this write-up are forwarded to Phoenix for the comments of Special Agent J. Vernon Tuckey, the supervisor, and the Special Agent in Charge. When these have been added, one copy shall be placed in the inspection file, one in the case file, one in the personnel file of Special Agent J. Vernon Tuckey, and the remaining two shall be transmitted to the Bureau for the attention of the Training and Inspection Division.

SA JOSEPH G. DEEGAN: In preparing my report of October 10, 1951, which investigation was based upon a copy of a Phoenix letter to the Director dated August 23, 1951, I designated Phoenix as office of origin and inadvertently failed to note that the FBI Laboratory

INSPECTION REPORT
INDIANAPOLIS OFFICE

report dated September 21, 1951 had designated Washington Field as origin instead of Phoenix.

In preparation of my report dated January 2, 1952, I was guided by a reference report of SA J. VERTON MUCKEY of the Phoenix Division dated October 20, 1951, which carried Phoenix as office of origin.

I shall endeavor to avoid this type of error in the future.

SUPERVISOR L. B. BROWN: The comments of the Inspector concerning the errors in this case have been noted and copies of the reports of Special Agent TEEGAN dated October 10, 1951 and January 2, 1951 have now been forwarded to the Washington Field Division. Every effort will be made to avoid this type of error in the future.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Joseph G. Deegan Title Special Agent
 Rating Period: from 7/1/51 to 3/31/52

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
= Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

JOSEPH G. DEEGAN
SPECIAL AGENT
ANNUAL PERFORMANCE RATING

From the beginning period of this rating, July 1, 1951, to Agent Deegan's arrival in Detroit on February 24, 1952, he was assigned to the Indianapolis Division. There has been insufficient time for the Detroit Office to appraise his services and consequently the comments contained in the transfer report are considered as being adequate.

It is noted all ratings submitted on this Agent during the pertinent period have been "Satisfactory."

PERSONAL AND CONFIDENTIAL

Dear Sir:

I realize that your time is occupied with more important problems than the one I am about to present. Knowing, however, that you have always shown a personal interest in all of your employees, I am making known to you my present circumstances.

I have been assigned to the Detroit Division since March, 1952, and the house I am presently living in has been sold. I have been given notice to move because the new owner wishes to occupy the entire house.

My wife is expecting her second child on approximately October 15, 1952. I also wish to mention that my three-year old daughter is afflicted with a chronic asthmatic condition. When this condition becomes aggravated it necessitates my wife giving her much extra attention.

In view of the present shortage of rentals in the Detroit area, and the fact that rent control has been removed, to become effective October 1, 1952, I am confronted with the difficulty of finding suitable living quarters for my family. I am not financially able to purchase a home in the Detroit area, but I do have available the home of my wife's parents in New York City.

I realize the climate of New York City would not greatly improve my daughter's condition, but the fact that my wife's mother would be able to assist her in caring for the children would lessen the strain.

In New York City we would also be near Dr. Henry Kaessler, who, in our opinion, has been most successful in treating my daughter since October, 1951, and had brought about an improvement in her condition prior to the time we left New York. On three occasions we have made trips East, when her condition became serious, in order that the doctor could continue the treatment.

W. C. Sullivan

Letter to Mr. J. Edgar Hoover
September 30, 1952

I am therefore requesting consideration for transfer to the New York Division at my own expense. I wish to state that if this transfer is not feasible, I will continue to serve the Bureau. If this transfer request is granted, I will accordingly advise the Bureau upon the improvement of my daughter's condition.

Sincerely,

Joseph G. Deegan

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Joseph G. DeeganTitle Special AgentRating Period: from 4/1/52 to 10/17/52

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

JOSEPH G. DEEGAN
SPECIAL AGENT
ADMINISTRATIVE SPECIAL PERFORMANCE RATING

This efficiency report is being submitted in view of the fact that Special Agent Deegan is under transfer to the New York Office. Special Agent Deegan arrived in Detroit, Michigan, on February 24, 1952, and since his arrival, he has been assigned to the Security Section of the Detroit Office. His assignments have been almost exclusively surveillances and conducting investigations resulting from surveillances.

Special Agent Deegan handled his assignments in a very satisfactory manner and reported the results of his activities by detailed memoranda. Deegan quickly developed a working knowledge of the principal subjects involved in surveillances and very rapidly adjusted himself to the geographical layout of an entirely new area. His cooperation, attitude, and enthusiasm for this work were outstanding.

Special Agent Deegan had an important part in the recent apprehension of six Smith Act subjects in Detroit, and the information obtained by him during the course of various surveillance assignments contributed to determining the pattern of activities of these subjects, which in turn greatly assisted in the apprehension of these subjects.

This Agent operates an automobile very satisfactorily and has satisfactory typing ability. It is believed that this Agent has the ability to participate in dangerous assignments and this ability will increase with his development in the use of Bureau firearms.

Agent Deegan has continued to develop during the time he has been assigned to the Detroit Office, and it is believed that he has the ability to handle more complicated investigations.

Rating: SATISFACTORY

IN WHICH THEY DROVE OFF, HOWEVER, HIS DESCRIPTION OF THE CAR DOES NOT CORRESPOND WITH THE DESCRIPTION OF THE CAR LISTED IN THE NYS MOTOR VEHICLE BUREAU RECORDS AS HAVING THE NUMBER HE RECALLS SEEING. DEEGAN BELIEVES THE MEN WERE INTOXICATED AND THAT THEY HAD BEEN IN THE NEARBY TAVERN MENTIONED PREVIOUSLY. THE ONLY WITNESSES WERE THE MAN AND WOMAN WHO OPERATE THE CANDY STORE. THEY CALLED THE YONKERS POLICE, WHO ARRIVED AFTER THE TWO MEN HAD FLED. DEEGAN RELATED THE FACTS TO THE POLICE OFFICERS AND IDENTIFIED HIMSELF. HE ADVISED THAT HE TOLD THE POLICE OFFICERS HE DID NOT WANT TO PRESS ANY CHARGE AT THE TIME AND, ACCORDINGLY, NO INVESTIGATION WAS CONDUCTED BY THE POLICE. DEEGAN THEN DROVE TO A DOCTOR NEAR HIS HOME FOR TREATMENT FOR CUTS IN HIS MOUTH. A FULL STATEMENT WILL BE OBTAINED FROM DEEGAN IMMEDIATELY UPON HIS RETURN TO DUTY AND THE BUREAU WILL BE ADVISED OF FURTHER DETAILS.

DATE: 12/29/52

ReNYtel, 12/26/52; re telephone call of ASAC William M. Whelan to the Bureau, 12/26/52, and re telephone call of Assistant Director D. M. Ladd from the Bureau, 12/26/52.

The following are the complete facts available concerning the assault on the person of SA Deegan, which occurred in Bronxville, New York, on 12/25/52.

According to SA Deegan, he left his residence at 3041 Arlington Avenue, Bronx, New York, about 9:20pm, 12/25/52, to drive his brother-in-law and family to their home in Bronxville. At approximately 9:40pm he started his return trip to his home in the Bronx and stopped on the way at a candy store on Pondfield Road, Bronxville, for the purpose of buying some cigarettes. At about 9:45pm, as he was leaving the candy store at 54 Pondfield Road, a white man about twenty-five years old stepped up to him and asked him if "he wanted a punch in the nose." Immediately thereafter this unknown man struck Deegan in the mouth, dazing him and knocking him to the ground. Deegan believes that he was either hit or pushed to the ground again when he attempted to get up. He recalls that while on the ground another man came on the scene and with the assailant proceeded to an automobile nearby and drove away. Deegan took down the license number of the car as New York 1952 PW 9711.

Deegan then returned to the candy store for some medical assistance and learned from the owner of the store that he had notified the Police by telephone. The owner of the candy store and his wife were both witnesses to the assault.

Two Yonkers, New York Policemen arrived about ten minutes after the assault and Deegan identified himself to them. He gave the details of what had happened and also gave the Police officers the license number which he had noted. He also told the Police that he did not wish to make a formal complaint about the matter at that time. In this connection, Deegan has explained that he was not only in a dazed condition but also wanted to make sure that the Bureau's interest would be protected. For these reasons he said he did not want to make a formal complaint about the assault at the time, particularly since the assailant was unidentified.

Deegan went to his home immediately after talking with the Police.

RECEIVED

officers and then went to a doctor in the neighborhood, Doctor [redacted], [redacted], Bronx, New York, for treatment for cuts in his mouth. He was also suffering from a broken front tooth at the time.

The following day, 12/26/52, Deegan went to his dentist, Doctor [redacted], Brooklyn, New York. An examination by Doctor [redacted] reflected that in addition to having one front tooth broken in half, he had another front tooth which it was necessary to remove because x-rays showed the bone in the gum was splintered.

Deegan again visited his dentist on 12/29/52, at which time Doctor [redacted] told him that he also has another lower tooth which is cracked and several other teeth which appear to be damaged.

On 12/26/52 SA Deegan visited the Second Precinct of the Yonkers Police Department and discussed the matter with Patrolmen [redacted] and [redacted], the two officers who questioned him the night before. At that time Patrolman [redacted] advised that he and his partner, later on the night of 12/25/52, arrested [redacted] and learned that he was the individual who attacked Deegan earlier in the evening. According to [redacted], [redacted] is twenty-three years old and is the son of Mrs. [redacted], of [redacted], New York, located at [redacted]. [redacted] also advised that [redacted] has been a mental patient at [redacted], New York, since September, 1952. Prior to that time he had spent three years studying for the Priesthood. He is being treated by Doctor [redacted], New York City.

Patrolman [redacted] further advised that the automobile in which [redacted] left the scene of his attack on Deegan belongs to one [redacted] of [redacted], Mount Vernon, New York. This car is a 1952 black Mercury Coupe, 1952 New York license PW 8711. It will be recalled that Deegan originally reported the number as PW 9711.

[redacted] said that [redacted] and [redacted], of [redacted], Mount Vernon, New York, had reported that they saw [redacted] beating up a man (Deegan) and that they stopped their automobile intending to break up the fight. However, it was not necessary, according to them, to break up the fight since [redacted], whom they said they never had seen before, left the scene of the fight and joined them in their car. They allowed him to accompany them to [redacted], Bronxville, New York, where they were going to visit a friend. According to [redacted], [redacted] wanted to go along on the visit and it became necessary for the other two men to put him out of the friend's apartment.

[redacted] went on to state to Deegan that later the Police received a call to come to [redacted], where [redacted] was choking one [redacted].

[redacted], of [redacted], Bronxville, New York. Also involved in this were one [redacted], New York City, and [redacted] of [redacted], who were trying to restrain [redacted]. The two Patrolmen, [redacted] and [redacted], advised that they handcuffed [redacted] and brought him to the Station House. There, according to the Police officers, none of the persons involved in the incident at [redacted] [redacted] desired to prefer any charges against [redacted] after they had learned of his mental condition and background. Consequently, he was allowed to return to [redacted], New York, in the custody of his parents.

According to the Police officers, [redacted] had been released from the sanitarium on the signature of his mother, apparently for the purpose of spending Christmas Day with her and his stepfather, Mr. [redacted].

SA Deegan called the stepfather and mother of [redacted] on the evening of 12/26/52 to notify them that he had been injured by [redacted] and to ascertain their attitude concerning the matter of compensating him for the medical bills incurred as a result of the assault. At this time Deegan did not indicate his employment but did ascertain that Mrs. [redacted] appeared desirous of settling the matter without any legal proceedings, while her husband indicated that he would wait until Deegan instituted legal proceedings to recover damages.

Deegan advises that in conversing with the Yonkers Police Department he learned that the [redacted] are people of some means and are spending \$150.00 a month for the hospitalization of [redacted] in the private sanitarium. He also learned that Mr. [redacted] is an attorney. In view of the mental condition of [redacted] and the general background of himself and his family Deegan does not feel inclined to press any criminal charges. He advises that he would be satisfied if he could be assured of having his medical expenses fully covered by a settlement. Therefore, unless the Bureau desires the matter to be handled otherwise, Deegan will proceed to handle the matter as a private affair without any publicity.

A check of the records of the Yonkers Police Department indicates that earlier on the evening of 12/25/52 [redacted] entered the home of a citizen of Yonkers posing as a friend of the son of that home owner. When the son returned home and it was discovered that [redacted] was an impostor he left the house without further incident.

The Police records indicate the next episode in which [redacted] was involved was the incident at [redacted], Bronxville, New York,

as a result of which he was picked up and brought to the Second Precinct. While there, his parents were notified and they, in turn, notified Doctor [redacted], who conversed on the telephone with Police officials, as a result of which persons involved in the incident with [redacted] declined to press any criminal charges against him and a private ambulance was called which returned him to the sanitarium. It is noted that this particular record is marked in the Yonkers files "No Publicity."

The Yonkers Police Department files do not record the incident involving SA Deegan until 12/26/52, at which time their records indicate Deegan came to the Precinct to report the assault on himself which took place on the previous night.

It is noted that as far as is known, no publicity has appeared in connection with any of the foregoing.

As indicated above, unless the Bureau desires the matter be handled otherwise, SA Deegan will proceed to seek compensation from the family of

[redacted]
It may be noted that SA Deegan returned to duty on 12/29/52.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee JOSEPH G. DEEGANTitle Special Agent, GS-10Rating Period: from 4/1/52 to 3/31/53

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

JOSEPH G. DEEGAN, SPECIAL AGENT GS-10
ANNUAL PERFORMANCE RATING, 3/31/53

Special Agent Joseph G. Deegan became an agent of the Bureau on January 29, 1951, and arrived in the New York Office on October 20, 1952.

Special Agent Deegan has been rated as Very Good in his ability to dictate. Firearms Instructors of this office have evaluated his general firearms ability as Good, and state that they believe he is qualified to participate on dangerous assignments. They have rated his knowledge of Bureau weapons as Good; his firearms score as Below Average, showing good improvement, and his willingness to assist on the range and in the cleaning of weapons as Very Good.

It is noted that Special Agent Deegan was transferred to the New York Division because of a personal family hardship centering around the health of his daughter. He has recently advised that his daughter has apparently completely regained her health, and that hardship no longer exists. Accordingly, he is available for special or general assignment whenever the needs of the Bureau may require.

For approximately the first seven months of the rating period, Agent Deegan was assigned to the Security Section of the Detroit Division where his work was almost exclusively that of surveillances. He handled his duties in a very satisfactory manner and his cooperation, attitude, and enthusiasm for his work were outstanding. He played an important part in the apprehension of six Smith Act subjects in Detroit. In Detroit it was felt that he had the ability to handle more complicated investigations of a security nature. He was rated in the Detroit Office as outstanding in his attitude, industry, and in his physical surveillance ability. Since his arrival from Detroit, he has been assigned primarily to the handling of Loyalty of Government Employees investigations of a relatively routine nature. He has also handled several security matter cases. He appears to be developing satisfactorily in adapting himself to this work and it is felt that in the near future he will be capable of handling some of the more complicated and involved cases of the loyalty type. It has also been observed in the New York Office that he is outstanding in his industry and the attitude displayed by him. He has proved thoroughly dependable, cooperative, loyal, and energetically applies himself to his work. He has exercised good judgment in handling this work in this office, it being noted that he was rated outstanding in this respect in the Detroit Office. It may be noted that the work assigned

to him in this office thus far has been of a relatively uncomplicated nature.

In connection with his duties, he has voluntarily contributed an appreciable amount of overtime.

In general, the development of Special Agent Deegan has been entirely satisfactory. Rating SATISFACTORY in Grade GS-10. *gwp*

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee JOSEPH G. DEEGAN Title Special Agent, GS-11
 Rating Period: from 4/1/53 to 3/31/54

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

JOSEPH G. DEEGAN, Special Agent

GS-11

Annual Performance Rating

New York, New York

Special Agent Joseph G. Deegan entered on duty with the Bureau on January 29, 1951 and has been assigned to the New York Field Office since October 20, 1952. He earns a salary of \$5,940 per annum in Grade GS-11.

He has been rated by the Firearms Instructors of this office as qualified to go on dangerous assignments and as having a good knowledge of Bureau weapons. His firearms scores have been average during the rating period.

From March 31, 1953 to June 24, 1953, this Agent was assigned to the handling of Loyalty of Government Employees investigations. During that period his industry and attitude were rated as outstanding, and he proved himself dependable and cooperative and exercised good judgment in handling his work.)

From June 24, 1953 to December 20, 1953, Special Agent Deegan was assigned to a physical surveillance team and during this period he performed his duties in an entirely satisfactory manner. He demonstrated good ability in driving Bureau automobiles on physical surveillances; his attitude reflected an interest in the Bureau's work and he responded readily on special calls to duty at the sacrifice of his personal convenience.)

For the last three months of the rating period this Agent has been assigned to the handling of complaints received at this office. He demonstrated, in this capacity, an excellent ability in meeting the public and in properly processing complaints received. His work reflected a thorough knowledge of Bureau policies and jurisdiction and where necessary, he followed complaints through to a logical conclusion by presentation to the United States Attorney or necessary referral to other agencies.

In connection with his duties for the entire rating period, Special Agent Deegan has voluntarily contributed an appreciable amount of overtime, and he has been rated as an excellent dictator.

I would rate this Agent as satisfactory in GS-11.

ESPIONAGE AND FOREIGN INTELLIGENCE INVESTIGATIONS

Reference is made to SAC Letter No. 54-8, 2/9/54, which instructed each SAC to canvass Agents assigned to his Division who possess the necessary proficiency or aptitude and interest, and make recommendations as to those Agents who should be trained in the Russian Language. There is set out below a list of Agents of the New York Office, who have volunteered for this training. The Bureau's requirements concerning this training have been carefully explained to each of the Agents and all have readily agreed to the conditions imposed by the Bureau if they are selected for this training. The recommendations have been broken down into the following categories:

- GROUP I -- Those Agents who have some familiarity with the Russian Language.
- GROUP II -- Those Agents having familiarity with certain of the Slovak tongues.
- GROUP III -- Those Agents who have ability to speak a foreign language, such as Italian, French, German, etc.
- GROUP IV -- Those Agents with merely an academic background who are desirous of taking instructions in the Russian Language.

It is recommendation of this office that the Agents listed in Group I be selected first and that they be followed by those Agents listed in Groups II, III, and IV, in that order.

GROUP IV

JOSEPH G. DEEGAN

As indicated above, this office recommends that the individuals selected for this course from this office be taken from Group I, II, III and IV, in that order. No attempt has been made to indicate a preference for this course of study among the Agents listed in the various groups other than as might be indicated in narrative comments following the Agent's name.

Certain of the Agents in Groups I, II, and III listed above are presently utilizing language talents at SUTEC. Where this is so, it has been indicated opposite their names. If they were chosen for this course, replacements would have to be obtained.

The attached memorandum from the New York Office, dated August 6, 1954, points out that the captioned Special Agents, through their alertness, quick thinking, and common sense, apprehended four individuals with a case of whiskey which had been burglarized from a parked vehicle. These individuals were turned over to detectives of the New York City Police Department, who were quite appreciative. The New York Office points out that while these Agents were on a surveillance at the time, they so conducted themselves that the apprehension was made and at the same time the surveillance on the subject was continued. The New York Office recommends letters of commendation to these three Agents.

(U)

(S) I have talked with Acting ASAC Tom McAndrews of the NYO regarding this matter, and he points out that the captioned Agents on July 22, 1954, were conducting a surveillance of [redacted], a Soviet official. [redacted] had entered 680 Park Avenue, which is occupied by the Soviet United Nations Delegation. He does not live there. The apprehension of the four individuals occurred while the Agents were waiting for [redacted] to come out of 680 Park Avenue, and the apprehension was accomplished and completed before [redacted] emerged. In bringing about the apprehension, it was necessary for two of the three surveilling Agents to participate in cooperation with the Police Department. McAndrews points out that although for a short time there was only one of the surveilling Agents available if [redacted] emerged, nevertheless there were other Agents in the vicinity, surveilling other persons who were in 680 Park Avenue, who could have been of assistance had [redacted] come out. McAndrews advised that the NYCPD has been most cooperative with the New York Agents in connection with our concentrated surveillances in the vicinity of 680 Park Avenue, and that Agents conducting surveillances there are under

instructions to be helpful and cooperative with the Police when possible. In the instant matter, when the Agents saw these four individuals running toward their car, carrying a wooden crate, after acting in a suspicious manner, they were questioned, as a result of which they were turned over to the Police, who have booked them for possession of stolen property.

It appears that the captioned Agents were alert and acted promptly in connection with the apprehension of these four individuals and were able to effect this operation (U) while still maintaining the surveillance; nevertheless, they were operating outside the scope of their specific assignment, which was the surveillance of [redacted]. It is believed that the NYO should be advised the Bureau approves of the action taken by the Agents in this particular instance. It is felt that letters of commendation should not be given by the Bureau, since the primary responsibility of the Agents was to maintain the surveillance on [redacted]. The awarding of letters of commendation would, in effect, be encouraging Agents to depart from regularly-assigned duties to perform acts not within the scope of their direct responsibility. This could result in our investigations being improperly handled in other cases. (U)

RECOMMENDATION:

There is attached, for your approval, a memorandum to the NYO, advising that the Bureau does not approve letters of commendation in this case.

DIRECTOR, FBI

JOSEPH G. DEEGAN
ROBERT P. MURPHY
JOSEPH F. PHELAN
Special Agents

With reference to your memorandum of August 6, 1954, in which you recommend letters of commendation for the captioned Agents, you are advised the Bureau does not feel that letters of commendation are warranted under the circumstances. The Bureau recognizes that the Agents were alert and acted promptly in bringing about the apprehension of the four individuals who had burglarized a parked vehicle. The Bureau appreciates the need for cooperation with the New York City Police Department and any police agency, where proper, and recognizes that in this particular instance this cooperation was appreciated by the Police Department and might well result in additional cooperation in New York City. The primary responsibility of the Agents in this instance was, of course, to maintain the surveillance on which they were engaged. In this particular operation, the surveillance was not jeopardized by reason of the action of the Agents.

The Bureau feels that the primary responsibility of Agents when on a Bureau assignment is to insure fully that the Bureau assignment will be completed. Letters of commendation in this case would be putting a premium on deviation from this primary responsibility and, for that reason, the Bureau feels such letters should not be sent.

There is being forwarded to you with this letter a self-explanatory memorandum submitted by the above captioned agents. Sufficient copies are attached for inclusion in the individual personnel files of these agents.

encl
As you will note in a perusal of the attached memorandum, the above captioned agents, through their alertness, quick thinking and common sense, apprehended four subjects with a case of whiskey which these subjects had secured through the burglary of a parked vehicle. As will be noted the detectives of the New York City Police Department, with whom these agents dealt in turning over these subjects to the Police Department, were quite appreciative of the actions of the agents in apprehending these four subjects.

In passing it should be noted that the above three agents not only apprehended the four subjects but so conducted themselves that the apprehension was made and at the same time the surveillance on the subject was conducted.

up
It is thought that the conduct of these agents in handling this matter was of such a nature that it is worthy of commendation. It is suggested that the Bureau may desire to direct letters of commendation to these agents.

TO : SAC, NEW YORK

FROM : SA JOSEPH G. DEEGAN
SA ROBERT P. MURPHY

SUBJECT: SA JOSEPH F. PHELAN

DATE: 8/5/54

b6
b7CSUBJECT:

During the course of a surveillance on (NY 105-3559) at 680 Park Avenue on 7/22/54 at approximately 11:30 P.M., the above named agents observed a 1941 brown Pontiac being driven through this neighborhood in a suspicious manner. At approximately 11:41 P.M., the above mentioned car was further observed being parked near the southeast corner of 69th Street and Park Avenue. At this time four subjects were observed leaving the car in a hurried fashion and running to the north west corner of 68th Street and Park Avenue and out of view of the reporting agents.

Several minutes later the four subjects were observed running toward their car and one of them was carrying what appeared to be a wooden crate and then they proceeded to get into their car.

Due to the lateness of the hour (11:45 P.M.) and the actions of the subjects, SA Phelan decided to question the men as to the source of their package. It is also to be noted that the area in which the above activity took place is considered one of the better neighborhoods in New York City.

As a result of a short interview it was ascertained that the crate was a case of "Johnnie Walker" Scotch Whiskey described as follows: Wooden crate, approximately one foot by three feet with the following stenciled on the crate, "Johnnie Walker, Black Label, 1 Doz., Canada Dry, 54, 203, 335. Milford-New Haven, Conn., East Port, W & L (7)."

The names of the four men are as follows:

Memo

When questioned regarding the aforementioned action and the obtaining of the case of scotch, the subjects related the following fantastic story. They observed a Negro walking east on 63th Street carrying two crates and they yelled at the Negro. He dropped one case and started running so they picked up the one crate and were going to chase the Negro for the other one.

SA Murphy proceeded to the 19th Precinct, NYCPD, on East 67th Street after the aforementioned Negro was not located and contacted Detectives [redacted] and [redacted] of the 19th Squad. The detectives exhibited a very cooperative attitude and further stated they were grateful for this action.

Detective [redacted] requested assistance in taking the subjects to the Precinct. Inasmuch as one detective drove the subjects' car the above mentioned request was complied with by SA Phelan. Upon arriving at the 19th Precinct the detectives again expressed their gratitude and stated they would advise the agents as to the outcome of their investigation.

On 7/22/54 Detective [redacted], 19th Squad, telephonically advised that subsequent investigation revealed that a crate of scotch whiskey had been stolen from a parked car in the neighborhood and that the subjects had been booked on the charge, possession of stolen property. He also advised that two of the subjects were being held on \$5,000 bail and the other two subjects on \$2,500 bail. Detective [redacted] stated that this was exceptionally high bail.

It is to be noted that the surveillance was continuously maintained by SA Reagan.

A check of the indices of the New York Office failed to reflect any information concerning the subjects.

b6

There is being forwarded to you as an enclosure with this letter a self-explanatory memorandum submitted by the above-captioned agents. Sufficient copies are attached for inclusion in the individual personnel files of these agents. A perusal of the attached memorandum submitted by the above-captioned agents reflects that the above-captioned agents while preparing to leave the surveillance at the end of their tour of duty apprehended two subjects, [redacted] and [redacted], who were fleeing from an area in which a woman was heard to scream and which woman subsequently related that two individuals resembling the subjects had attempted to steal her pocketbook. As will be noted in the attached memorandum, both subjects were held by the NYCPD and upon the search of one of them by SA [redacted] at the time this agent stopped the subject, the subject in question, [redacted], was found to be carrying a weighted billy.

For the Bureau's information, the above-captioned Special Agents were assured by the police officers mentioned in the agents' memorandum that the agents will not be required to testify in Municipal Court and that no publicity in conjunction with this matter is contemplated by the Police Department.

On 9/25/54, while conducting a physical surveillance on [redacted], New York file 105-5438, and [redacted], New York file 105-4379, just prior to the departure of the surveillance crew for the garage, the writers were parked on Park Avenue, facing south, just off East 70th Street, New York City, which is position #1 of the fixed surveillance car positions.

During the period from 10:30 P. M. to 12:00 midnight the writers observed the subjects wandering in and out of the surveillance area. These individuals were extremely noticeable because they were two poorly dressed negroes wandering in a very exclusive and wealthy neighborhood on Park Avenue in New York City.

At approximately 12:02 A. M. on 9/26/54, the writers observed the subjects walking east on East 70th Street. They crossed Park Avenue and were continuing east on 70th Street, when the writers heard a commotion and a woman scream, and observed the subjects running west on 70th Street. They approached the writers and proceeded to run in different directions.

SA [redacted] immediately overtook [redacted] at the northeast corner of 70th Street and Park Avenue. SA's JOSEPH F. PHELAN and JOSEPH G. DEEGAN overtook [redacted] at 68th Street and Lexington Avenue in New York City.

Officer [redacted] and his partner, New York City Police Department, 19th Precinct, arrived at the corner of Lexington Avenue and 68th Street in their squad car simultaneously with the stopping of [redacted] by the agents.

The officers were informed by the agents of the subject's previous actions and they expressed their appreciation and began talking to him. While the subject was being questioned and searched by the police officers, a woman appeared on the scene. She advised the officers that two negroes, both males, attempted to steal her pocketbook. She further explained that they grabbed for her purse, knocked it to the street, and when she screamed they fled. She exhibited her purse with the broken shoulder strap.

The woman, upon being questioned further by the officers, advised that she could not positively identify the subjects, other than one of the assailants was big and tall and the other one was very short, and they were both negroes. She further advised that she did not wish to give her name and make a formal complaint.

The police officers took [REDACTED] to the East 67th Street Station House in their car and requested the agents take [REDACTED] to the same station house. Prior to transporting [REDACTED] to the station house, SA [REDACTED] previously ascertained, as a result of a body search, that [REDACTED] had in his possession a weighted billy, about eleven inches long.

Upon arrival at the East 67th Street Station House the subjects were turned over to Detectives [REDACTED] and [REDACTED] of the 19th Squad, New York City Police Department. Upon completion of their interrogation the detectives booked the subjects under the following charges:

[REDACTED]

Charge - 1897 - PL - possession of a weighted billy, with intent to use unlawfully. Also Juvenile Delinquency in that he was under 16 years of age and out after 10:00 P. M.

[REDACTED]

Charge - 1897 - PL - acting "in concert" with a juvenile in that he knew of the juvenile's possession of a weighted billy with intent to use unlawfully.

At this time Detective [REDACTED] indicated that he could not locate any record for the subjects. He further indicated that [REDACTED] would go to the Juvenile Court for the Juvenile Delinquency charge and then be brought to Felony Court if possible. He indicated that [REDACTED] would go immediately to Felony Court.

Detectives [REDACTED] and [REDACTED] and the uniformed men expressed their appreciation for the foregoing work of the

agents. They also expressed opinions that there would probably be more of these incidents in the future, especially in light of Director J. EDGAR HOOVER's recently released crime statistics which they had read in the newspapers. The detectives again expressed their appreciation for the "two collars" and further advised that they were always ready to cooperate on all matters with the Federal Bureau of Investigation.

The following is a physical description of the subjects as obtained from observation and interrogation by the New York City Police Department:

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

JOSEPH G. DEEGAN
SPECIAL AGENT
ANNUAL PERFORMANCE RATING

Special Agent Deegan entered on duty with the Bureau on January 29, 1951. He is presently in Grade GS-11 at an annual salary of \$6,140. This is his third office of assignment.

During the period covered by this performance rating, with the exception of one period, which will be hereinafter mentioned, Special Agent Deegan has been assigned to that section of the New York Office handling the Soviet Personnel Intelligence Activities Program. While so assigned Special Agent Deegan has been utilized on physical surveillances conducted in conjunction with this program. Due to the enthusiasm displayed by this Agent, he has developed a wide visual acquaintanceship with a large number of Soviet Nationals stationed in, or visiting, New York which information is, of course, of an inestimable value to this office. Special Agent Deegan has handled all of his assignments in a most satisfactory fashion, and it has been observed that he brings to his work good judgement, common sense, dependability, as well as initiative and careful planning.

For a period of approximately one month during the past rating period Special Agent Deegan was assigned to the Poughkeepsie Resident Agency on a temporary basis. While so assigned, Special Agent Deegan handled a general variety of cases and leads. He functioned well as a Resident Agent and made good contacts with the law enforcement officers in that territory. Special Agent Deegan enthusiastically shared in the work load of the Resident Agency, as exhibited by a substantial amount of voluntary overtime.

I commended Special Agent Deegan for his participation on September 16, 1954 in the coverage afforded a successful double agent operation in which [redacted] was the principal. This Agent also came to my attention as the result of my learning that he volunteered for several midnight surveillances in which he participated satisfactorily. *JHD*

b6
b7C

Special Agent Deegan is above average in height, broad shouldered, and presents an excellent personal appearance. He displays poise and assurance and is well received by the public with whom he comes in contact. Special Agent Deegan is in good physical condition and qualified in the use of the Bureau's weapons; capable of arduous duty; and can be utilized on raids or dangerous assignments. Due to the nature of this Agent's assignments he has not had the opportunity to prepare or dictate investigative reports, nor has he had an opportunity to testify. However, the surveillance logs, memoranda, and rough drafts submitted by him have been found to be uniformly satisfactory. While Special Agent Deegan, due to the nature of his assignments, had only a one-month period to participate in the informant program of this office, he did so vigorously during this time, but was unsuccessful in developing any symbol informants.

Special Agent Deegan well merits the rating satisfactory in Grade GS-11. *JED*

In the event the nature of SA Joseph G. Deegan's assignments in the security field does not make it inadvisable to use him as a police school instructor, Bureau authorizes you to have him prepare a manuscript on "Juvenile Delinquency," for purpose of qualifying him as an instructor on that topic.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: 6/22/55

FROM : SAC, New York

SUBJECT: SA JOSEPH G. DEEGAN
QUALIFICATION FOR POLICE INSTRUCTOR
JUVENILE DELINQUENCY

SA JOSEPH G. DEEGAN has expressed a desire to become a police instructor on the subject of "Juvenile Delinquency".

SA DEEGAN has advised that at the time of his entrance into the Bureau on 1/29/51 he was attending Fordham University Graduate School of Social Work in pursuance of his Master's Degree in Social Work. SA DEEGAN stated that he has had experience in practical field work in a social agency dealing mainly with family problems which has enhanced his experience with juvenile delinquency and family matters.

According to SA DEEGAN, prior to his entrance on duty with the Bureau, he was employed by the Catholic Guardian Society in Brooklyn, NY, whose main function was the guidance of children after they had been released from institutions. While a member of the Guardian Society he instituted a program by which the children under the Society's supervision could be brought together in a recreational setting. This afforded the Society's case workers an opportunity to observe the boy or girl under their supervision in another surrounding. This program is presently in practice with the Guardian Society today.

In connection with youth problems, SA DEEGAN held a position of swimming teacher for the NYC Board of Education in the East Bronx, NY, area. This area has been classified as having a very high juvenile delinquency rate.

The above information is being supplied to the Bureau in order that it may determine whether SA DEEGAN should be requested to prepare a manuscript on the subject of "Juvenile Delinquency" based on the foregoing qualifications.

It is noted that at the present time there is only one police instructor assigned to the NYO qualified to lecture on "Juvenile Delinquency" for the entire State of New York.

Dear Mr. Hoover:

Joseph G. Deegan
I would like to take this opportunity to commend on a letter dated May 11, 1955 that you sent to my Daughter while she was in the hospital. Your letter in reading it had quite an effect on me, being the fact that I am a retired member of the New York City Police Department. I am proud of serving 23 years in that Department and having the honor of being First Vice President of the Patrolmen's Benevolent Association for five years. During my entire career as a Policeman and Officer of that Great Organization I always held the Members of the F.B.I. in great respect for the good work that they were doing. As their Director you were a great inspiration and example to the Policemen throughout the Country. Under this inspiration the Policemen could do their work without fear in the same manner that your Department did under your Leadership.

It has often been said that a Son follows in the footsteps of his Father, but not mine. Since my retirement I have the proud honor of saying that my Son, Joseph, and my Daughter, [redacted], are both working in the New York Office.

In reading your letter I found something in it that I have never heard of in any Public Department or Business Concern. A great policy that you have established. The sending of a personal letter to the members of your department when they are sick or injured. I can now see the secret of why the members of the F.B.I. are so loyal to their Director for when one in your position who has so much responsibility can take time out to inquire into the personal welfare of one and let them know that he is thinking of their health as well as their work. It certainly makes one believe that they are working for a Real Man and a Real Organization. If only your Policy was followed out by the Directors of all Public Departments and Business Concerns we would find that more Employees would be more loyal to those in charge of them.

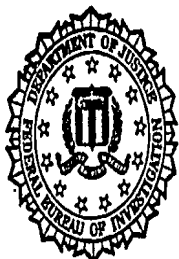

WVA 31 8 NT In closing I wish to say that I am a very proud Father that my Son and Daughter are employed in the F.B.I., and I pray that God may grant you, Mr. Hoover, good health and guidance in the great work you are doing.

By letter 6/22/55, SAC, New York advised SA Joseph G. Deegan is interested in being qualified as police school instructor on juvenile delinquency matters; noted there is only one Agent now assigned to New York Office (NYO) qualified to lecture on that topic, and inquired whether SA Deegan should be requested to prepare a manuscript on that topic with a view toward qualifying him as a juvenile delinquency instructor.

SAC, NYO advised SA Deegan was attending Fordham University Graduate School of Social Work working toward his Master's Degree in Social Work at time he entered Bureau on 1/29/51; that he has had experience in practical field work in a social agency dealing with family problems; that he was formerly employed by the Catholic Guardian Society, whose main function is the guidance of children released from institutions, during which time he instituted a recreational program for children under the Society's supervision, which program is still used by that organization; and that he formerly held a position as swimming teacher for the NYC Board of Education in an area of New York City which has been classified as having a high rate of juvenile delinquency.

OBSERVATIONS:

At present time there are 13 qualified juvenile delinquency instructors assigned to the field offices and 2 at SOG. These instructors received training in a juvenile delinquency instructors school held at Bureau in 1946. No such schools held since that date. Only one of above-mentioned instructors assigned to a New York State Office -- SA George A. Lankes, assigned to Buffalo Office; however, he is not being used in police schools at present time because of his assignments in security *65-043-57*

In 1954 SA [redacted] NYO, who has Ph.D. degree in psychology as well as extensive teaching experience, submitted to Bureau a manuscript "Psychology of a Juvenile Delinquent." This manuscript was approved and New York was advised SA [redacted] was approved as general police instructor and they were authorized to use him as lecturer on general topic of juvenile delinquency. He has presented that lecture in several police schools; however, it appears NYO should have an Agent qualified to handle specialized juvenile delinquency schools.

Enclosure
EDS:nls (3)

65-043-57

It is not contemplated a juvenile delinquency instructors school will be held at Bureau in near future. It appears SA Deegan's education and work experience have furnished him a good background for training as a juvenile delinquency instructor.

(It is noted that in SA Deegan's annual performance rating for period 4/1/54 to 3/31/55 his SAC indicated Deegan has, during that period, been assigned to Soviet Personnel Intelligence Activities Program.)

RECOMMENDATION:

That attached letter be forwarded to New York authorizing them to have SA J. G. Deegan prepare a manuscript on "Juvenile Delinquency," with a view toward qualifying him as an instructor on that topic, provided the nature of his assignments in the security field does not make it inadvisable to use him as police instructor.

DATE: 9/21/55

FROM : JDX SAC, New York

SUBJECT: SA JOSEPH G. DEEGAN
PROPOSED POLICE INSTRUCTOR
IN JUVENILE DELINQUENCY

ReNYlet to Bureau, 6/22/55, and reBulet to NY, 6/6/55.

Enclosed herewith are three copies of the proposed outline, "The Patrolman and Juvenile Delinquency", which has been prepared by SA JOSEPH G. DEEGAN for qualification as a police instructor in juvenile delinquency.

SA DEEGAN is above average in height, is broad shouldered, and presents an excellent personal appearance. He displays poise and assurance and is well received by the public with whom he comes in contact.

SA DEEGAN'S background in connection with juvenile delinquency was set forth in reNYlet dated 6/22/55.

In accordance with the provisions as set out in reBulet dated 6/6/55, it is believed that SA DEEGAN'S present assignment in the security field would not preclude his use as a police school instructor. It is recommended, therefore, that if the enclosed manuscript is found acceptable to the Bureau, that SA DEEGAN be designated as a qualified police instructor in juvenile delinquency.

FROM *OK* SAC, NEW YORK (66-34)

**SUBJECT: SUPERVISORY ORGANIZATION, NYO
PERSONNEL MATTER**

Rebulet, 6/7/55, wherein approval was granted for the utilization of three agents as Street Surveillance Supervisors for a period of 90 days. It is the recommendation of the NYO that the position of Street Surveillance Supervisor be continued.

At the present time SAS [redacted] and JOSEPH F. PHELAN are actively engaged in full time capacity as Street Surveillance Supervisors. It has been the experience of the NYO that these agents, acting in this capacity, have provided the NYO with effective street supervision.

It is the opinion of this office, however, that the supervisory organization of Division I, which handles INPRO, should be modified to provide for even more effective supervision and more efficient operations. Accordingly, there is set forth below the proposed reorganization.

PRESENT ORGANIZATIONAL STRUCTURE, DIVISION I

Division I, Espionage Division, NYO, is under the supervision of ASAC WILLIAM G. SIMON and is composed of Sections 1, 4, 6, 17 and 18. Section 1 handles Miscellaneous Espionage Matters. Section 4 handles Suter and Sound and Radio Matters. Section 6 handles Soviet Espionage involved in SASH, SOVME, MOCASE, etc. Section 17 handles the SPIA phase of INPRO whereas Section 18 handles the SATPIA and the YUPIA phases of INPRO.

Section 17

As presently constituted, Section 17 is under the supervision of Staff Supervisor JOHN J. O'BRIEN, who is assisted by SAS BERT S. TAYLOR and ALBERT J. KLEIN, full time Assistant Supervisors. Supervisor O'BRIEN handles the substantive cases in addition to his assignment as Staff Supervisor. SA TAYLOR handles contact cases growing out of the SPIA Program and SA KLEIN handles the surveillance phase of SPIA. This section handles 185 agents and as of 8/31/56 a total of 456 cases.

Section 18

This section, which handles the SATRIA and YUPLA phases

of INPRO, is under the supervision of Staff Supervisor MAURICE W. CORCORAN. Supervisor CORCORAN is assisted by two full time Assistant Supervisors, SA JOHN K. FRIEMAN, who handles the contact cases growing out of SATPIA and YUPIA and SA [redacted], who is in charge of surveillance operations. This section has under the control of Supervisor CORCORAN 135 agents and as of 8/31/55 a total of 456 cases. b6

Street Supervisors

Since the inauguration of the Street Surveillance Supervisory Program in June, 1955, the NYO has utilized 3 Street Surveillance Supervisors to control activities of surveillance agents on the street. They correlate street work with the Staff Supervisors of Section 17 and 18 and maintain close contact with the inside surveillance supervisors. From the resumption of the surveillance program in June, 1955, it has been the experience of the NYO that additional supervisory assignments are necessary in order to guarantee the high degree of performance necessary to this program. At the outset, it should be recalled that with the resumption of the surveillance program in June, 1955, 60 agents were assigned to the SPIA phase and 60 agents assigned to the SATPIA phase of INPRO as surveillance agents.

At the present time there are 125 agents engaged as surveillance agents on the SPIA Program and 87 agents engaged in a similar capacity on the SATPIA. The Bureau has instructed that a total of 329 agents be assigned to this program. In all, the three Street Surveillance Supervisors have under their control a total of 212 surveillance agents. The balance of the men assigned to this program will, as indicated above, be handling investigations growing out of both programs.

The three full time street surveillance supervisors, as indicated above, have been most satisfactory in the method in which they have handled their responsibilities. It has provided this office with control of street operations never previously enjoyed by this Division. Therefore, experience has shown that street surveillance supervisors are necessary and helpful.

A weakness in the present street surveillance supervision has been noted by this office in that the SPIA and the SATPIA operate on different radio frequencies. Consequently the Street Surveillance Supervisor on duty a particular day during

Letter to Director
NY 66-34

a given shift is handicapped in endeavoring to communicate with the surveillance operation on a frequency different from the one he is utilizing. This prevents the street surveillance supervisor from constantly monitoring the radio traffic of the entire surveillance program. It makes for difficulty in contacting teams actively engaged in surveillances on the street. If the street surveillance supervisor is to maintain contact with both SPIA and SATPIA surveillances it must be done for one or the other by relay through the office radio station.

Closely associated with the difficulty in the use of the radio is the problem of codes utilized by both SPIA and SATPIA. These codes are of necessity different.

Another noticeable shortcoming in the present setup is the fact that the three regularly designated street supervisors have been appointed from the section handling Soviets. This was due, in part, to the fact that the Soviet Program has been in existence for a longer period of time than the SATPIA Program and has produced therefore men of more experience. The Street Surveillance Supervisors now operating are well grounded in the background of Soviet investigations, but it has been necessary for them to study and learn the background and personalities of the SATPIA subjects. It is believed desirable therefore to have Street Surveillance Supervisors selected from both SATPIA and SPIA to operate concurrently.

COMMENTS

Section 17

It should be noted that included in the substantive case load of 456 cases on Section 17 are the investigations of the official Russian personnel in the New York area assigned to the U. S. S. R. Delegation to the United Nations, the UN Secretariat, the Amtorg Trading Corporation and the Tass News Agency, as well as other espionage and Internal Security cases related thereto. Also included therein are three currently active double agent cases which by their very nature are delicate operations and require constant close attention, both supervisory and investigative. The case load on this desk varies from time to time depending somewhat on the arrivals and departures of the foreign nationals.

The Contact Case Desk of Section 17, mentioned above, handles those cases arising out of the investigations of the

Letter to Director
NY 66-34

substantive cases mentioned above either by contact with official establishments or persons employed thereby. There is a constant turnover in these cases which are being handled by relatively inexperienced agents in the espionage field, necessitating very close supervision. In addition, this desk handles certain Internal Security cases of a less complicated nature which do not necessarily involve Russian nationals and are not technically contact type cases.

The Surveillance Desk, supervised by SA ALBERT J. KLEIN, controls the activities of 125 surveillance men. Among the responsibilities of this desk is the overall supervision of the street program, surveillance scheduling, conferences, the review of logs, the inspection of plants, maintenance of required statistics, etc., all designed to provide a close control of the surveillance operation from an administrative standpoint. A further detailed description of the duties inherent in this operation will be set forth later in the proposed organizational structure.

Section 18

A load of 454 cases handled by the Substantive Case Desk of Section 18 involves the foreign nationals in the New York area assigned to the Czechoslovak and Polish UN Delegations, the espionage cases involved in the Yugoslav field as well as the coverage of Hungarian nationals in this area. There are five Satellite diplomatic or quasi-diplomatic establishments in New York City while the Yugoslavs maintain eight such establishments for a total of thirteen. In addition thereto this desk handles those cases involving personnel at the UN Secretariat. Included in the case load of this desk are five double agent cases, two of which involve Czechs, two Rumanians and one Yugoslav as well as six currently active defector cases in the Yugoslav field. As set forth above these latter cases require constant close attention both supervisory and investigative. In the Satellite and Yugoslav field the Substantive Desk is responsible for the development of highly confidential sources, the Pro-Cominform Yugoslav cases, the nationalistic tendency cases on alleged espionage subjects who are not official representatives of the various countries.

The Contact Case Desk of Section 18 handles those cases

Letter to Director
NY 66-34

arising out of the investigations of the substantive cases mentioned above and in addition thereto is responsible for the substantive espionage cases in the Rumanian, Albanian and Bulgarian fields. While there are no official establishments of these countries in New York City, the Rumanians frequently travel here from Washington, D. C. and a large portion of surveillance time is spent on their coverage with the resultant necessity of additional investigation and supervision. The Albanian and Bulgarian field is relatively inactive at the present time.

The Surveillance Desk of Section 18, under the supervision of SA [REDACTED], controls the activities of 87 surveillance agents and the duties related thereto have been described above in connection with the duties of the Surveillance Desk of Section 17. In like manner additional detailed data as to the specific duties and responsibilities of this desk will be set forth later herein in the proposed organizational chart.

RECOMMENDATIONS

Substantive Case Desk

As stated above the Staff Supervisor of Section 17, ~~JOHN J. O'BRIEN~~ and the Staff Supervisor of Section 18, ~~MAURICE W. CORCORAN~~, have overall responsibility for the operation of the sections as well as direct responsibility for the Substantive Espionage Case Desk.

It is recommended:

1. That the Staff Supervisors of Section 17 and 18 be responsible for the overall supervision of the sections; that they be relieved of the responsibility for the direct supervision of the Substantive Case Desk; and that additional full time Assistant Supervisors be appointed on each section to handle matters pertaining to the Substantive Case Desk for which they would be directly responsible; that SA ~~BERT S. TAYLOR~~ be designated Assistant Supervisor, Substantive Case Desk, Section 17 and that SA ~~JOHN K. FRIEMAN~~ be designated Assistant Supervisor, Substantive Case Desk, Section 18. In the event this recommendation is approved it is believed that it will enable the Staff Supervisors to give full

Letter to Director
NY 66-34

attention to the overall supervision and coordination of the three unit desks to insure that the various duties and responsibilities of each are properly coordinated for positive results.

The duties of the Staff Supervisors under this recommendation are set forth in detail in the proposed organizational chart attached hereto.

It is believed that if the direct responsibility for the Substantive Espionage Desk is removed from the Staff Supervisors, it will afford sufficient time for them to properly coordinate the desk units in line with specific duties and responsibilities set forth later herein.

2. That no changes be made in the supervision of the Contact Case Desk at the present time with these exceptions:
 - (a). That Special Agent [] be designated full time Assistant Supervisor ~~on~~ the Contact Case Desk of Section 17 in place of SA BERT S. TAYLOR, who it is proposed will be designated as Assistant Supervisor on the Substantive Case Desk of Section 17.
 - (b). That SA JOHN V. WALSH be designated full time Assistant Supervisor ~~on~~ the Contact Case Desk of Section 18 in place of SA JOHN K. FRIEMAN, who it is proposed will be designated as Assistant Supervisor on the Substantive Case Desk of Section 18. b6
3. That two additional full time Assistant Supervisors (Operational) be appointed to assist in the office in the handling of the Section 17 Surveillance Desk; that SA [] and SA [] be designated to fill these positions on Section 17; that on Section 18 one additional full time Assistant Supervisor (Operational) be designated to assist in the management of that desk; that SA [] be designated to fill this position.

It has become apparent that in view of the volume of work on these two desks that there is a definite and immediate necessity for the assignment of the additional supervisors mentioned. The specific duties and responsibilities of each of the above positions is set forth in detail in the

Letter to Director
66-34

organization chart attached hereto.

4. That on Section 17 the three existing Street Supervisors continue to operate with the exception that SA [redacted], who is being recommended as an Operational Surveillance Supervisor be replaced by SA JOSEPH G. DEEGAN as a full time Street Supervisor.
5. That two additional Street Surveillance Supervisors be appointed to supervise the Satellite street operations exclusively on Section 18; that SA CONSTANT L. SIMONINI and SA [redacted] be designated to fill these positions.

b6

It is noted that three full time Street Surveillance Supervisors are recommended to control the activities of 125 surveillance men on Section 17 while two full time Street Surveillance Supervisors are being proposed for Section 18 since their responsibility is to control 87 surveillance men.

Summary of Recommendations

1. That Staff Supervisors be designated as coordinators, relieved of direct responsibility for substantive case desks and that an additional Assistant Supervisors be appointed with direct responsibility for supervision of the Substantive Desks.
2. That the Contact Case Desks remain the same with the exception of replacement of personnel.
3. That two additional full time Assistant Supervisors (Operational) be appointed to assist in the supervision of the Surveillance Desk of Section 17.
4. That an additional full time Assistant Supervisor (Operational) be appointed to assist in the supervision of the Surveillance Desk of Section 18.
5. That two full time Street Supervisors be appointed to supervise the Satellite Street Operations exclusively.

SA DEEGAN has been assigned to the SPIA phase of the Intensification Program, and while so assigned, has been utilized on physical surveillances. SA DEEGAN brings to his work good judgment, common sense and dependability, as well as

initiative and careful planning. The Bureau has advised that on 7/19/55, while SA DEEGAN was attending In-Service, it was observed he makes an excellent personal appearance, appeared to be intensely interested in his work, and gave every indication of being able to handle responsibilities of an administrative nature. The Bureau indicated it desired New York to consider SA DEEGAN for field supervisory duties whenever an appropriate opportunity arose. It is believed that the opportunity has now presented itself, and SA DEEGAN is therefore being recommended as a Street Supervisor on Section 17.

SECTION 18 PROPOSED SUPERVISORY PERSONNEL

JOHN V. WALSH

SA WALSH EOD the Bureau on 4/28/47. He is in Grade GS-12 with an annual salary of \$8,000. SA WALSH EOD NYC on 5/3/48 and since that time has had experience on various sections of the NYO. From 10/1/54 to present, he has been assigned to the Satellite and Miscellaneous Espionage Section of the NYO and has had a great deal of experience in the surveillance operation. He has successfully and discreetly handled the surveillances involving Satellite nationals and diplomatic personnel. His knowledge and experience in this field has been a particular asset to the Surveillance Program in assisting less experienced agents who have been more recently assigned. SA WALSH is an approved Inspector's Aide and has received favorable comment for his efforts in that field. SA WALSH is available for general and special assignment and possesses potential for advancement in the service of the Bureau. He is being recommended in connection with the proposed re-organization as full time Assistant Supervisor of the contact unit of Section 18.

ANALYSES AND CONCLUSIONS

1. All of the Special Agents enumerated above and recommended for Assistant Supervisory positions are deemed qualified for administrative advancement in the Bureau service, are available, and have indicated a desire for same.

2. The recommendation that two Street Supervisors be designated for the Satellite Program, which will result in an increase of from 3 to 5 Street Supervisors, should be viewed in the light that, at any one time, there will be no more than one Street Supervisor for SPIA Program and one Street Supervisor for the SATPIA Program. It is to be noted these surveillances are carried out on a seven-day basis. In order to fully cover the Satellite Program with Street Supervisory Assistance, it would be necessary to have 3 Street Supervisors. Inasmuch as there is a decrease in the number of physical surveillances conducted over weekends, it is felt that two Street Supervisors for the Satellite Program will be adequate and Street supervision will be afforded over the weekends to the Satellite Program either through the Street Supervisor on the SPIA Program or, if circumstances warrant, through utilization of qualified Relief Supervisors.

3. With respect to the Operational Supervisors, recommended to assist the inside surveillance supervisors, it is to be noted that, with the recent increase in personnel on the physical surveillance program, the inside surveillance supervisors have been completely overburdened. Despite a heavy contribution of their own time, it has been impossible for them to properly handle their responsibilities on an overall basis. With the recommended assistance, namely two Operational Supervisors on SPIA and one Operational Supervisor on SATPIA, it will mean that each of these supervisors will have the supervision of approximately 41 Agents. It is to be noted that the supervision of these

surveillances continues on a seven day per week basis and it is felt that the designation of the additional supervisory assistance will result not only in a more efficient handling of the surveillance program from the standpoint of inside supervision, but will allow the inside surveillance supervisor to devote more time to indoctrination, training, and coordination of the activities of the surveillance agents.

4. The recommended complement of supervisory personnel totals 16 for the supervision of the work of 329 men. This renders a rough average of one supervisor for each 20 men. It should be noted, however, that of these 16 supervisors, 10 are not involved in the supervision of cases, but are involved in the supervision of the surveillance program itself. Of this latter 10, there is duplication of supervision to the extent that 5 of these supervisors would be street supervisors and actively supervise activities on the street, whereas the remaining 5 are inside surveillance supervisors and they supervise the paper work performed by the surveillance agents and, in addition thereto, handle a great amount of detail involved in the appropriate scheduling and rotation of subjects for physical surveillance, Special Agents assigned to the various surveillances, rotation of automobiles, and the substitution of automobiles in need of repair, as well as the substitution of personnel unavailable by reason of emergency annual or sick leave. Inside supervisors are engaged in a great deal of coordinating work with the street supervisors and with the team captains of the various surveillance teams.

5. The Staff Supervisor for Section 17 now has 188 men under his supervision, whereas the Staff Supervisor of Section 18 has 141 Agents under his supervision. In each of these sections there are several cases of unusual interest, such as double-agent cases, which require a considerable portion of the Staff Supervisors' time. In addition, besides attending various office con-

Letter to Director

ferences and presiding over weekly conferences of their own, the Staff Supervisors have taken an active interest in making spot checks on the street of the physical surveillance program and are also conducting inspections of the various plants utilized in this program. On Section 17, for example, one double agent case alone occupies a minimum of several hours per day of the Staff Supervisor's time and, on occasions, has consumed time considerably in excess of that. This entire program is being very closely supervised. There are numerous administrative procedures which have been placed into effect. The program is under continual analyses from numerous stand-points and these analyses have been spearheaded by the Staff Supervisors. Accordingly, it is felt that, because of the importance of this program, the Staff Supervisors should be in a better position, by reason of having a little more time, of coordinating the overall activities of their respective sections.

SPECIAL AGENT JOSEPH G. DEEGAN
POLICE INSTRUCTOR IN JUVENILE DELINQUENCY

Reurlet 9/21/55 and rebu routing slip 9/28/55.

The manuscript of Special Agent Joseph G. Deegan on the subject "The Patrolman and Juvenile Delinquency" is generally satisfactory, and he is approved as an instructor on juvenile delinquency.

In SA Deegan's performance rating dated 3/31/55, you advised that he is assigned to the Soviet Personnel Intelligence Activities Program. In view of the nature of that assignment, Bureau does not desire that he be used in police schools at the present time. In the event his assignment is changed to one not involving highly confidential undertakings, you should so advise Bureau, at which time you will be authorized to use him in police schools.

Although SA Deegan's manuscript is generally satisfactory, the following changes should be made in all copies which have been retained in your files:

On page 1, the first sentence of the fourth paragraph should be revised to read as follows: "Ordinarily, the average citizen has only one course of contact with law enforcement and that is with the patrolman, the man who comes to his aid in time of distress, the public servant with whom he has almost daily contact to ask advice, seek aid or make a complaint."

On page 7, in the first full paragraph, the author's name and title of the book mentioned in the first sentence should be deleted and the words "One writer stated" should be substituted.

Also, on page 7, the last paragraph wherein the comments of the Detroit, Michigan, Police Commissioner are quoted should be deleted.

On page 8, the last sentence in the first paragraph should be corrected to read: "It has also been said by someone

that there appear to be as many causes of Juvenile Delinquency as there are individuals who have studied the problem."

Also, on page 8, in the last sentence, the word "some" should be inserted before the word "people."

On page 9, in the first paragraph, the second sentence should be corrected to read: "There are some parents who say 'Do as I say and not as I do.'"

On page 9, in the discussion of the physical causes, a more accurate statement of the importance of broken homes as a factor in causing juvenile delinquency is: "Studies of hundreds of cases show that 60% of the juvenile delinquents examined during the study were victimized by unhealthy home conditions and by the separation of their parents."

On page 10, the second sentence in the first full paragraph should be recorded to read as follows: "We should also remember that many outstanding citizens have come from a background of what has been called 'poor conditions.'"

NOTE: By ltr 6/22/55, SAC, NY, advised Deegan is interested in being qualified as instructor on Juvenile Delinquency. SAC advised that at time of Deegan's entrance in Bu he was attending Fordham Univ. Graduate School of Social Work in pursuance of Master's Degree in Social Work; that he had been previously employed by Catholic Guardian Society whose main function is the guidance of children after they had been released from institutions; and that he had been a swimming teacher for the NYC Board of Education in the East Bronx, NY area, which area has been classified as having a very high juvenile delinquency rate. SAC, NY, recommended that Deegan be instructed to prepare a manuscript on the subject of Juvenile Delinquency with view toward qualifying him as juvenile delinq. instructor.

By memo Gearty to Harbo, 6/30/55, it was recommended & approved that NY be authorized to do so, provided Deegan's assignments in the security field should not preclude his use in police schools. NY was so advised by Bulet 7/6/55. (In performance rating 3/31/55, SAC, NY, indicated Deegan has been assigned, during rating period, to the Soviet Personnel Intelligence Activities Program.)

b6

Above mentioned manuscript was forwarded to Bu by NY ltr 9/21/55. Bu r/s 9/28/55 advised NYO the manuscript would be reviewed, & NYO advised whether Deegan is approved as JD instructor. [redacted] of the Trng. Section advised the manuscript satisfactory, except for above changes. (note cont'd. pg. 3)

Deegan EOD as Agent 1/29/51, & is now in Grade GS-11 with salary of \$6,605 per annum. On 7/19/55, while Deegan was attending In-Service, he saw the Director. In a memo to Mr. Tolson, the Director advised Deegan makes an excellent personal appearance, that he would rate him above average, & that Deegan gave indication of being able to handle responsibilities of an administrative character & should be considered for same in the near future.

In view of Deegan's background, & fact his lecture outline has been approved, it appears he should be approved as a JD instructor. However, in view of the confidential nature of his assignment in the security field, it does not appear he should be used in police schools at present time.
